VI BIKE TRIAL EUROPEAN CHAMPIONSHIP

L'ESCALA · 30 AND 31 OF MAY

BIKE TRIAL IN L'EMPORDÀ

L'Empordà county has long witnessed numerous competitions of BikeTrial. The World Championship in l'Estartit in 2004, 15 Catalanian Championships in Pals and 5 Spanish Championships in l'Escala are proof of how deeply rooted bike trial is in our county. These competitions are widely known not only for their high level of organization but also for their spectacular design of each section.

THE MASS MEDIA ALSO TALKS ABOUT US.

El Mundo de la Mountainbike

"The Spanish Bike Trial Championship held in l'Escala ended last Sunday with great success as far as sport and organisation standards are concerned."

Solo Bici

"The European Championship in l'Escala is confirmed for next year. So far, an event of such high standards has never been held but their excellent work in the last Spanish Championships guarantees its success."

Meta 2 Mil

"Few towns in Spain can boast of having welcomed bike trial competitions for 15 consecutive years and at the same time being a point of reference. We can find a good example in Pals with Joan Roig at the head of one of the most traditional competitions in Catalonia."

Trial Magazine

"... it should be emphasized that the sections organized by Club BikeTrial are popular for being well marked, thoroughly signaled and intricate."

CLUB BIKETRIAL GARROTXA

This club with its headquarters in Olot (La Garrotxa) is one of the driving forces of BikeTrial in Girona. Created in 1996, it has great expertise in organizing all kinds of events related to BikeTrial. Furthermore, it has an excellent track record: two World Championships won by Eduard Planas (St Joan de les Abadesses) in 2005 and 2007 or the one won by Marc Prat (Bescanó) in 2008.
