

BIU NEWS 2011 MARCH

EARTHQUAKE, TSUNAMI, FIRE, UNCLEAR & SNOW IN JAPAN

We think that we had almost all difficulties on earth already too much and enough We are hoping to settle all matters down as soon as possible.

Dear Friends,

We had snow yesterday. It is very cold now. It is like in the early February.

First of all, thanks a lot for all mails that I got since the catastrophe happened in my country. Your mails explained how much you worry for your friends in overseas and it healed us. We are still having earthquake many times (too many and I cannot count it any more) and some of them are big. I hope stopping earthquake for a while...

About Biketrial, 2 national moto trial championship events (one in Ibaraki and one in Hyogo) were canceled already. Many sports events as well. Now BJU is adjusting the schedule with Biketrial championship round 1 in Gunma on 22/May. The event has been planned as qualify of Japanese riders for 2011 WBC. I think it is depends up on the problem of the nuclear generating stations in Fukushima. Because it is not so far from the place. I heard that it is still not under control... Even if they hold it, who can take part in it? I hope they will think about it.

I also pray deeply for the all victims and the health for the 400,000 people in the shelters without anything but snow.

Sincerely yours,
Hiro

Again and again, thanks to all messages that you sent to me and to Biketrial friends and to Japan. Here let us introduce new ones (from China, UK, EBU) that we found them today in the mail box. Thanks a lot.

Dear Mr Hirano,

We are the Chinese group who joined the Bike Trial Competition last summer in Italy. It was very nice to get together with your group. We are so sad to hear from TV that there was a biggest earthquake ever in the history in Japan which makes us very worried about your safety. We sincerely hope you and your family

are well with everything and all the people in Japan are safe. Hopefully, the disaster will pass very soon. We will pray for you and Japan. Please let us know you are safe and take care. Everything will be getting better.

Best regards,
Guoqing Liu, Xuan Zhao

Dear Hiro

Shanghai Jin Mao Tower director, Mr. Chen has phoned me and sent his best wishes to you and your family. He hopes you will be all ok and take more care, I have also told him about your recent information.

Dear Hiro,

Thank you very much for your e-mail. Anytime I read any news about those horrifying events occurring in Japan, I thought of you and your family hoping that you are all right and safe. Therefore thank you very much for your note.

What is happening in Japan is terrifying but please believe that the whole world is on your side as I hear from my friends all over the world as they think about people in Japan and include them in their prayers.

I cannot believe that it has been only a couple of months since I visited your beautiful country and now such a disaster. But I hope it will be all right in time and there will be no more catastrophes happening.

Please keep in mind that we think about you and wish that you, your family and friends are safe and all right. Any way, our family is ready to welcome your family or another one in our house in the case situation will be worse with nuclear danger. Do not hesitate to contact me if you need.

With the warmest regards and lots of strength,

Libor Musil
