FROM ITALY

We got an another possibilty to have WBC in Italy. Thanks Biketrial Italy!

The date is important. BIU always tory to make shortest trip and sorttest weeks for WBC for the all participants to reduce the cost of trip. For this reason the events must be closeras possible. The question is if Italy can host WBC in Sonico on 28-29/July/2012, isnt it? Or on 4-5/August in France for 10-11-12/August in Italy... Difficult.

We would like to have both. 2 events are better than 1. So we need discussion to find the possibility. But in the case that we cannot find it, we should choose one by the vote. Any way we will wait for the proposals and BIU will send the agreement to the delegates of host countries in the end of October. Need a little more time to settle.

Dear Friends,

I am very happy to know that is possible organize WBC competition in

France during 2012. As you know also in Italy we are on work to find a solution to organize a WBC competition in Sonico. During the last days our friend Mr. Fabio Branchi is every day in contact with Sonico community to solve some important technical question. During last meeting in Sonico, yesterday Sunday 02 October 2011, revealed a very important question: the date of the competition. We have a good week end to organize WBC here, the second week end of August, 10-11-12 August 2012. Many thank to Mr. Hiro to delay the dead line of WBC 2012. Have you France Delegation the possibility to organize your competition during near week end? Can you delay your competition till 04-05 August or 18-19 August 2012? I think that if the 2 competition is very near (like this year in Brezova and Sant Miguel de Campmajor) is better solution for all competitors, expecially for people that coming from distant country like Japan. What is your opinion?

Thank you very much,
Giuliano Gualeni
