Dear Angel,

We have the delegate in Portugal as below. I gave the list to BAC and the organizer in Feb. Therefore I cannnot accept to issue the license without making contact from the rider to the delegate. This should be try first. Issuing license from BIU or EBU is the last choice in the case of the delegate does not work for the rider..

PORTUGAL "Jorge Ferreira Biketrial Portugal" Rua Calouste De Gulbenkian N. 419. RC 4800-257 Guimaraes -Portugal "Tel: 965 430 211 jorge.e.ferreira@sapo.pt guimaraes@bikezone.pt"

Sincerely yours,

Hiro

Hello!

In fact he's this person who wants to compete, but I understand it makes no real function in Portugal. I offer licenia EBU or need it done in Portugal as a delegate. I inform you.

Administración BAC / BUE BikeTrial Associació Catalana

BikeTrial Unión Española

Dear Angel,

Then, advice him to issue license by himself. If no, he has to contact to EBU. Issuing license of BAC or BUE is not right solution.

Sincerely yours,

Hiro

Dear Libor,

I enclose the license document for EBU, Jorge Ferreira of Portugal, to participate in the WBC12 ..

It's OK?

Please say me what their license number. to help her for complete Entry List! THANKS

Angel, I'll check it tomorrow morning. LM

CATALONIA

Dear Hiro and Libor

David Pastorino, rider from Spain has make us an application that he created in Google Maps, where you can see the locations of parks, interesting places and also training in natural terrain. If you have Google or Gmail account, you can add new places and parks, it's easy! or if you don't have that account, tell us the location and we'll add it! Please, tell all the delegates, is a good tool!

(sorry the address is too long to put here. Hiro)

Administración BAC / BUE BikeTrial Associació Catalana

BikeTrial Unión Española

Dear Angel,

Please let me know what is an actual update of this your idea. I do like it too much! What do you suggest?

LM

Dear Friends,

this map is very good. We must insert it in the new EBU web site when will be
ready before December. Don't stop this project. I send you some data from Italy
very soon.

Giuliano

Super!

LM

Dear,

Hello, you've seen the map? understand the operation? Anyone with google or gmail account, can add locations. The problem is that.. a bad person, can delete all ..

You would comment first with all delegates.

News No. 023 dated 20/06/2012

SWEDEN

Yesterday, we sent you the results of Swedish biketrial championship R3. Here is a comment from Libor.

Dear Hiro and Libor

Last weekend was held for the first time national championships in all three types of trial in the same area at the same time in Sweden. The event called "TrippelTrial" had 32 competitors in Biketrial, 34 in MC and 17 in ATV. All categories had one lap on Saturday and one lap on Sunday. When the boys and girls not competed, they and their minders helped the others as observers. Unfortunate was it a very rainy weekend, almost like the wolds in Japan in -05. But we had no rain for a couple of hours in Saturday evening when all riders, minders and staff had a barbecue, and also some clear sky during the Biketrial comp. I'll attach the results from the biketrial comp.

See you soon Yours

Roger

Hello Roger,

It seems like a good place for our sport – perfect facility, terrain, club.... When they are ready to organize an European event? It is also very nice to see Peter at the podium.
