HIRO'S TRIP PLAN OF 2012 WBC

Dear Hiro,

Anyway we all dissapointed for you are not coming in Igualada!!!!!!!!!, to find a organizer, you know is very difficult and if the president is not there, what they will think about it! Anyway I will not ask more times about this.

Best regards

Ot

Dear Ot,

If I attend R2, no one will notice what was wrong. I know Pere is trying his best with Push-biketrial & Pushbike F1. The event during WBC is good idea and use the opportunity for the promotional event is understandable. I want to help it.

But as I see the problem of WBC last time, I have no report from BUE and BAC about the solution thing yet. What we have to say is try to concentrate on WBC and make it success. It is the most important.

It may be not exactly mistake of the organizer. But what I explained was not taken seriously and forgotten. I hope the event success and I will wait for the good news.

with UCI World championship last year: Just 110 riders from 17 countries.

We are amateur organization based on voluntary work with no money source and we can be proud of our participation this year. Especially we also have more young riders.

I understand your reason for making some action to do things better in the future. It has to be improved! But now we have to consider adequacy of our steps.

I am sure that our WBC organizers did not agree to organize WBC event without your participation. EBU and I personally has spent a lot of energy and money last 8 years to find new organizers. WBC without your participation is not the WBC. Everybody here is looking forward to welcome you. You have got many petitions to come and appreciate work of many people here in Europe organizing our events. They will be frustrated not seeing you here. We may consider adequacy because we will punish not only delegates but mainly voluntary people working with enthusiasm – time keepers, section builders, observers....and also local authorities and politicians who has been supporting our little sport. I am sure organizers did not sign agreement knowing there will not be head of BIU presented. They will never realize your reason for not coming. Do you really want to do it? And last but not least we will punish EBU, myself and Ot and Pere Pi. Our effort (Pere with Push–BikeTrial in Spain and his lifetime BikeTrial work, Giuliano's enthusiasm, myself with 8 years EBU contribution to improve something...) is going to be damaged. Do you really want to do it?

On behalf of the EBU I am sending to you an official invitation for all 3 rounds of WBC 2012. EBU is ready to take care of you during all your stay in Europe. We will organize your transportation from/to the airports as well as your daily movement. Everything will be made in cooperation with WBC organizers and all rounds will be attended by one of the EBU Committee members to be helpful to you. I just need to get your flight details to arrange your transport to Säix and to Barcelona after 1st round. Also your trip from Catalonia to Italy will be organized in cooperation with Italian organizer. I wish you can enjoy your trip now and EBU is ready to be helpful. I am sure you will like Säix with a good team of organizers, as well as Catalonia and Italy. I also hope you can rest between events to come back to Japan in a good condition.

I also can help you with our attorney to adjust WBC agreement for the next year to avoid mistakes we have currently got.

Best regards,

Libor

Dear Hiro,

I am forwarding to you all about your visit arrangement in France. Yannick is a nice guy and I hope it is a new BikeTrial generation to hand over our work in the future.

Best regards,

Libor

Dear Libor, Giuliano, Ot,

Millions thanks for your opinions. They are coming from the passion for our sport and it makes me happy.

To Ot:

If I think about the problem last year, I prefer all people concentrate on the WBC than additional events. If the organizer has more capacity to add some other events, it is also okay. I have interest in Push Biketrial because I am the first one who made it first. But still I have to inform about what is the most important for WBC.

To Giuliano:

Communication is most important. Yes it is. I agree with 100%. That is why I send news mail to you and all like this. We do not hide anything and we share everything. Now I have to prepare the next step for the people who carry Biketrial in the future. We have to re-check our system. Now we should cut the cost of WBC to continue. Spending for the trip is not small now.

To Libor:

Well, it is not easy to explain all thought in a word. I have same reasons but I explained just some of them in my mail because I hesitated.

If the BIU president should attend all WBC events every year, the condition is too hard for the next person to take the post. We should find the one who can get a long vacation and who can pay the all cost.

That why I asked Japan (Itadori) to support BIU for the budget and they have been paying 3 times more than the other events for 16 years until 2008. It helps a lot for many things of BIU. But since 2009, we have the less events than before and now we have serious budget problem.

I can say all organizers cannot expect so much with the minimum sanctioning fee we asked them for WBC. We should keep It for the final awarding ceremony and keeping the rest for continuing our sport.

In this time, we should try to pass the work (proxy president and WBC manager) to the person with responsibility and go on. It is needed because of we are independence amateur sport organization with low budget + men power.

Now is the moment to change. To reduce the cost and the time, I had to choose where I should be attended. I already explained the reasons why I choose the final round. It is the first time in the last 25 years. If the organizer needs me to attend their event, please talk to your organizer to support my trip for this time including the air fare. (Libor, I feel so much thanks for your offer, but I should write like this for this time and for the other times. So please forgive me). I need the answer in a few days from the host countries. If not, then, I propose the official posts of each round for 2012 WBC as below.
