**Dear Jean-Luc and Giuliano,**

**Sure. I closed Entry and now I am working for the soft wear for each round.  
I need to check if it works..  
Pleas wait a little bit more.**

**Sincerely yours,  
Hiro**

**Dear Hiro**

**I just saw the new list of jury. It should be much better for me and the jury if I could change place with Stefan Pcola, because I will arrive late to Saix and Sonico so I will probably miss the checking of sections. Igualada is much better for me because I will be there in good time before the event.**

**Sincerely yours  
Roger**

**Dear Hiro,**

**No problem I can wait for the soft wear. Thank you for your works. I think that he will it's a pity be not to see you among us on 2 rounds before Italy !! I saw that Libor wanted to help you but you refused...!! You can again change opinion, we would be quite delighted by your presence especially I because I wish to stop after this last event in France.**

## ABOUT HIRO' TRIP PLAN

Dear Hiro,

Thank you for sending all communication to me. I thing I have already written everything important about this issue and now we await your final decision and hopefully you come to Europe. I just want to add about my participation because I haven't got any request from BIU yet. I read in an e-mail from Giuliano that I am ready to take your position during 2 rounds of WBC. I am sorry but I haven't said it and I cannot to do it this year. It is too late for me to change my plans. After 3 European international competitions this year I am not able to do it for my company and family reasons. I rely on BIU you take care of these events. I was not aware sooner and now, for the last moment, I am not able to change my plans. My plan was to come to France for Saturday evening to meet you and organizers and to be in Italy for the whole competition. I haven't got any request from BIU in advance. I expected President and BIU Committee takes their job as it was rule in the past. EBU is ready to pay your flight tickets to Europe and back and take care about your stay here in cooperation with our organizers if you can participate in all 3 rounds. Everything is ready from our side to apply it and you are very welcome. Just let me know please. I hope to see you in France where we can together with our delegates start discussion how to improve our system of BIU and BikeTrial for the future. Afterwards we can close and make a good conclusion in Italy during BIU General meeting. My opinion is to meet just shortly in Italy during WBC final is very tough and I am afraid there is not enough time to find a good result.

Best regards,  
Libor

Dear Libor,

Thanks for your mail. I already wrote everything in my last mail to Giuliano. So I hope you understood it. I did not ask you to be there for the first 2 rounds officially because I know you are busy. I understood the reason. I think I should ask the solution to BIU delegate who has experience to organize WBC. I choose Radim Kakac. There is no any person instead of him. I think this choice is right and I hope he will accept it. I have no answer from him yet. I need your help to support this plan. I enjoy very much to help WBC till today. But the situation is changing all the time and now it is not easy moment. We can also read our serious problem in the entry list of each round in this time. Only 14 countries (one of the lowest number) in the first round. This in not normal for WBC. That is why I tried to kill this possibility in the beginning of this season by having meeting with the organizers. It was a help and cost for me. But I tried because it was really necessary. Therefore my disappointment to myself was very big when I closed the entry. Unfortunately my message does not reach them except Italy. I feel it is pity. I should think the reason and find the solution for the next. Libor, I am not asking the tickets to EBU. I can pay it but it has to be the minimum for this time. If the organizer need my

attendance, they should pay the cost. It is normal. Instead of it, there is no restriction.

Up to now, I do not see anything any way that I can make it better. I only see the agreement was broken (it was different if they tried necessary publicity). So now let me take my reason first. As you have things to do, so am I that I cannot spend 21 days in Europe. I have to do many things to start over my life with adjust to the situation where I am in after 3.11. It changed so many things. It is the first time in last 20 years in BIU but I would like to keep the time for myself and my family than the other I already see the results. If no, I cannot resist or survive when the things goes worse near in the future.

The deadline for booking my ticket is 17:00 tomorrow. But my answer is in my mail to Giuliano already.

Sincerely yours,  
Hiro
