### **BIU SONICO MEETING**

#### **FROM SPAIN & ITALY**

**Dear Friends.**

**I attached document, we comment some facts we do in our competitions and operations, and we work in some ideas and suggestions to change some rules. We have not been able to make this send before because it needs a lot of work! But it would be good evaluate and could vote some things in the meeting of Sonico! We have to promote our sport!**

**Regards**

**Dear Hiro,**

**a very constructive discussion between the European delegates was started in Scheibenberg during the European Championship. The discussion is continued in Saix, we have talk a lot. Radim, Jean Luc, British team, Lubomir, Marius, Libor, Roger, me and many fathers of rider have talk about the future of our Sport. I think in Sonico will be a important moment to discuss and grow. President election will be won from the candidate that will listen the new ideas from Assembly. Not a revolution, only little modification. But very important to leave our Sport from today's agony. We will have time to talk about here in Italy. We wait you,**

**Giuliano**

Dear Giuliano,

Our sport depends on a lot part of voluntary and fathers. There are good things and bad things in this situation. The meeting in Sonico should be discussed some important matters. But the priority should be given to the agenda that I informed to delegates before (as below and in the box below).

## **BIU SONICO MEETING**

### **No.1: 21 ELECTION OF BIU PRESIDENT**

I hope we could make it in Sonico.

### **No.2: GENERAL SECRETARY**

I hope we can find someone who can take it.

### **No.3: CALENDAR 2013 WBC**

I am waiting for the proposals of WBC next year.

### **No.4: DISCUSSION ABOUT WBC THIS YEAR AND THE FUTURE**

We can listed up the matters and discuss until November.

### **No. 5: OTHER THE ITEMS**

Yet to be decided.

About the other matter, it should be discussed and approved in the NBU meeting first. Also it should be discussed and approved in CBU (continental BU). I think it is normal. If not, we will have too many opinions and ideas to talk.

Today I got the proposal from Mr. Abant. It is good but they are too many items. We should give enough time to discuss. But many delegates is already on the tour for WBC and Just 2 weeks before BIU meeting is not correct timing. We will respect the proposal but do not expect too much for one meeting to solve all. It takes the time.

The meeting in Sonico is BIU meeting. We need only BIU delegates and heads of CBU, not fathers or their opinions. It should be a little away of it. It is my opinion.

Sincerely yours,

Hiro
