Dear Hiro.

It has been a great races in France and Catalonia. Now the news from Sonico are liitle bad but sure they'll do their best to make a great race. Maybe an important info from Dynamic Club could be how the ground for tents in the camping is after the disaster. I think it is important for people to let them know and they can preview any kind of domestic solutions or other ways of acommodation

Thanks a lot and see you in Sonico.
