

**BIU NEWS 2013 APRIL  
KAMEOKA CUP**

**Thanks to Giuliano for his comment about KC.**

**Dear Hiro,**

**I am very happy for the good results of Kameoka Cup. When I talk of "Kameoka Formula" all people are surprised for this new rules; I like a lot. I hope to can organize the firs KC Event in Europe one day.**

**Keep in touch,  
Giuliano**

**Yes, we talk a lot about KC and Blind Biketrial in Italy last year. WBC is the highest event but we know that it does not work for Biketrial promotion without promotional events and I can guarantee that KC can be the base of it. I must tell you one story about a father who works in Fukushima prefecture alone after 3.11 and away from his family lives in Kameoka (distance about 1,500km). He returns to Kmaeoka every time by flight to take part in KC with his family (wife, children) and his friends. It will cost a lot but I think he found the value in spending together with his family in KC. I feel happy to here that. I want to provide the joy of riding to more people. I will attaché the results of KC24 with this news. Please check the detail and find something for your event.**

**No. 007 dated 11/04/2013**

**WBC 2013**

**It will be 3 months before the first round and 1 month before the entry begins for WBC next week. I till do not receive event information from R1 and R2 of the host countries. What is happening? Where is the promise (it was a month ago to send)? The host countries should try to correct as much as riders for each category from much countries. Just giving information by e-mail is not enough. Need to send a kit (all necessary information in one envelope) to each BIU delegate. It is very important to push their work to promote WBC and their national selection start as soon as possible. I know some countries do not think about their selection yet. It is going to be a risk to collect riders and countries when they knew it in short time before the entry close on 19/June. Josep and Radim, please try your best to promote your event and send information to our delegates please.**
